

Brandon Steward Knows How To Wow Crowds – And Keep His Cool

Brandon Steward is a DJ/Mobile Entertainer who prides himself on creating a custom-made event that is sure to please any party patron. DJ Brandon, along with his company named Steward's Productions,

proudly boasts that their company is the right choice when you want a Mobile Entertainer who specializes in over 25 different styles of music. From Salsa music to Classic R&B, from 80's to Motown, from Middle Eastern music to Country music, DJ Brandon can pretty much create a party scenario as custom as the clients who request them. Not only is Brandon a successful Mobile DJ, but he is also a VJ (Video Jockey) and a KJ (Karaoke Jockey), so events are only limited by the client's own imagination. Steward's Productions challenges their potential patrons on their business website with this thoughtful musing, *"Why mess around with someone that knows nothing about what you and yours like?"*

DJ Brandon has been providing his clients with "High Tech, First Class DJ Services" in the Dallas/Fort Worth area since 1998, and has been garnering experience and expertise for the past 12 years. 1998 was the year he got his first gig, and ultimately where he learned that being a mobile DJ meant more to him than he ever would have imagined. When he showed up to DJ at his friend's house party 12 years ago, he certainly wouldn't have dreamed that he was on the path to a career that would change his entire life. The desire of using music and lighting to create a party environment where people could let loose and have fun held a very special place in his heart, and led him to the thriving career he still enjoys today.

For his instruments of choice, DJ Brandon prefers to run all his lighting and sound through his PC. He utilizes a 2000 watt amp on each sub.. By using superior flat screens and multi-speakers at wedding venues, he can run music videos throughout the entire event, giving guests an unforgettable visual and musical experience.

DJ Brandon is extremely pleased with the pride and joy that he feels for his company, Steward's Productions, and all the wonderful memories he has created from his business of 12 years. One wedding that will forever stand out in his mind involved the unfortunate circumstance of a Wedding Planner walking out on the Bride and leaving her high and dry during the reception. Rather than just letting the situation go, Brandon stepped up to the plate in this rather challenging set of circumstances and took control of the wedding reception. Through his quick thinking and cool demeanor, DJ Brandon commandeered the otherwise-disastrous situation and spun it around into a memorable Wedding Reception that the Bride and her guests will always remember as the happiest day of their lives.
